15:30–15:50 QA: 10 minutes	MSc. Leart Berisha, Kosovo Immediate implant placement and immediate loading of a screw-retained full-arch prosthesis in the maxilla using a fully digital workflow: a case report
16:00–16:20 QA: 10 minutes	MSc. Klejdi Bilali, Albania Immediate implant placement in periodontally compromised posterior teeth: a clinical report
16:30–16:50 QA: 10 minutes	MSc. Rael Hidi, Albania Implantology and nanotechnology: an in vitro study

# CONFERENCE PROGRAM

## INTERNATIONAL CONFERENCE OF PERIODONTOLOGY AND IMPLANTOLOGY

### Opening Plenary MODULE I A 204

08:00 – 09:00	Registration & Welcome Coffee
09:00 – 09:20 QA: 10 minutes	MSc. Mustafa Can Akar, Turkey Inferior alveolar nerve lateralization and short implant application for implant rehabilitation: a case report
09:30-09:50 QA: 10 minutes	MSc. Yaren Algul, Turkey Management of implant migration into the maxillary sinus using FESS after sinus augmentation: a case report
10:00 – 10:20 QA: 10 minutes	MSc. Eman Khalil, The Kingdom of Saudi Arabia Accuracy of guided implant placement: an in-vitro comparative study of metal-sleeved and sleeveless guides
10:30-10:50 QA: 10 minutes	MSc. Suhaib Murtaja Almustafa, The Kingdom of Saudi Arabia Comparative evaluation of trueness and precision of fully guided dental implant placement using sleeve and sleeveless surgical guides in bounded versus free-end saddle models: an in vitro study

11:00– 11:15 | Coffee Break & Sponsor Spotlight

### MODULE II A 204

11:15 – 11:30 QA: 5 minutes	MSc. Beyza Aysin Abakay, Turkey Periodontal considerations in implant dentistry: strategies for prevention and long-term success
11:35-11:50 QA: 5 minutes	MSc. Nalan Salah, Turkey Digital workflow in full-arch implant rehabilitation: the role of intraoral photogrammetry in achieving passive fit and clinical efficiency
11:55-12:10 QA: 5 minutes	MSc. Niki Isehiti, Albania Immediate post-extraction dental implants: myth, or selective clinical advantage? A retrospective comparative study of survival, bone stability and treatment efficiency
12:15-12:35 QA: 10 minutes	MSc. Gentiana Keri, Albania Systematic markers and oral health risks in hemodialysis patients: a review of pre-operative laboratory indicators

12:45 – 13:15 | Lunch Break

# CONFERENCE PROGRAM

## INTERNATIONAL CONFERENCE OF PERIODONTOLOGY AND IMPLANTOLOGY

MODULE III A 204	
13:15-13:30 QA: 5 minutes	MSc. Gridi Gjonça, Albania  Treat first, then replace: managing periodontitis before implant therapy
13:35-13:50 QA: 5 minutes	MSc. Zeynep Konez, Turkey  Advanced surgical approaches in the atrophic maxilla: a case series on sinus lifting, horizontal augmentation and contour grafting.
13:55-14:10 QA: 5 minutes	MSc. Zeynep Korkmaz Gozgu, Turkey  Augmentation in the esthetic zone: essential principles on the path to success
14:15-14:35 QA: 10 minutes	MSc. Rinalda Jançe, Albania  The design of implant prosthetics: a clinical appraisal of full-arch implant design standardization and hygiene access in all-on-x-restorations

14:45-15:00 | Coffee Break & Sponsor Spotlight

MODULE IV A 204	
15:00 – 15:20 QA: 10 minutes	MSc. Dilan Kaya, Turkey  Odontogenic cysts involving the maxillary sinus: report of three cases
15:30-15:50 QA: 10 minutes	MSc. Ferhat Uslu, Turkey  Immediate provisionalization following full-arch implant surgery using a digital workflow: a case report
16:00-16:20 QA: 10 minutes	MSc. Juliana Tara Er, Albania  Full-mouth rehabilitation in patients with advanced dental deterioration and partial edentulism presents significant functional and aesthetic challenges, requiring a multidisciplinary and prosthetically driven approach
16:30-16:50 QA: 10 minutes	MSc. Marsela Likaj, Albania  Multidisciplinary management of missing teeth with orthodontic, implantologic and prosthetic involvement: a case report

17:00 | Group Photo
